

"In the way of Righteousness is life, and in its pathway is no death." Proverbs 12:28

4000 years ago, the prophet Job asked the question:

"How can a man be righteous before God?" Job 9:2

Considering... the perfect righteousness of GOD,
the sin and shame of MAN,
the eternal consequences of SIN,
and the timelessness of E T E R N I T Y . . .

No more important question has ever been asked.

THE WAY OF RIGHTEOUSNESS presents, chronologically and clearly, God's story and age-old solution to mankind's sin and lack-of-righteousness dilemma. This 100-program radio series, first written in the Wolof language of Senegal, West Africa, has been or is being translated into more than 80 languages for radio broadcast worldwide. For example, to read the Arabic text of TWOR (71JB 'D(P1Q) click here: 71JB 'D(P1Q).

Report from those using TWOR: "The impact of THE WAY OF RIGHTEOUSNESS broadcasts is much larger than we imagined. God's Word does not return void. In the last two months, we have heard several testimonies. For example, a 78 year-old Islamic teacher whom we have known for 12 years has opened up and related some of the 'Way of Righteousness' teachings that he has heard on the radio. 'I have heard that Jesus died and after three days rose again. Is this true? I know this in my head because I have heard it, but I need to know it in my heart if I am going to teach it.' The same week, we visited and spoke with a village lady of the love of God. She immediately starting telling us that she had been listening to the broadcasts and how much she liked them and how she believed it was truth. It was amazing. She showed up at my house a couple of weeks later and said she wanted to follow the way of Jesus."

For many of the world's isolated peoples, radio is one of their few entertainments. And when they hear a message of hope in their heart language, as one elderly listener expressed, "It makes us feel like there is somebody who cares for us." There is. A powerful book by the author of TWOR..

With 10,000 religions worldwide, is confusion our only option?

"In some mysterious way, I had a sense of drawing closer to the Lord as I read. This was not just a book about facts. I have read many of those. This book reaches to the deeper part of our souls for God to touch. This is not just for Muslims, but for any believer who needs to have their faith strengthened and anyone else who is searching for good answers to tough questions. You documented some systematic support for our faith that I have found no where else - what a great service!"

— Everett Perkins (Vice-President, Apogee Interactive)

"This book is written with the Muslim in mind but it also provides a sound biblical apologetic for any authentic seeker. New believers studying this book will be supremely enriched and spiritually edified. This deserves a global readership."

— Dr. T.V. Thomas (Co-Chair, Int'l Network of South Asian Diaspora Leaders)

"I could hardly stop reading. The words were so clear and compelling. With unique literary skill, this engrossing book traces the message of redemption from eternity past to eternity future. Not only is it an excellent read for seeking Muslims, it will charge your own spiritual batteries. One God One Message takes its place with those rare treatises that

come across with singular clarity that one cannot easily forget. It will become a part of my arsenal of recommended reading to our constituents.”

— Don Darling (Executive Director of Smyrna Ministries International)

“An easy read, very informative and worthwhile.”

— Tommy Bowden (Clemson University former Head Football Coach)

“Well written. The concepts are organized effectively and communicated clearly, and you use Scripture carefully. But what sets your manuscript apart is the tone. It is warm, inviting, and informed, rather than strident or blindly critical.”

— Writer's Edge (Manuscript Evaluation Service - after reading 2 chapters...)

"Your thorough, very personal, and original presentation of the gospel has touched my heart... As a result, I have never been working so enthusiastically at a translation project - or at any project, for that matter. ... I have now found much greater peace, and yes, greater happiness! I never thought this would be possible! Your contacting me to translate your book is another great deed of our mighty Lord. It's good to be loved by the Maker of the Universe! ... The passage about the New Jerusalem got me thrilled beyond words!"

— Stéphane Jacquemain (French translator of OGOM, Paris)

“During the course of this spiritual journey the reader discovers step by step how God revealed himself throughout the Old Testament and finally in the coming of Jesus the Messiah. Interspersed with quotes from emails of Muslims from around the world, this book takes up old as well as contemporary questions and objections Muslims voice. It provides well-thought-through answers and beautiful descriptions of spiritual truths that are fascinating to read even for Christians who think they have heard it all.”

— Walter Eric (SIM publications director, Life Challenge Assistance, East Africa)

"After reading this book one of the biggest things which has been cleared from my mind is what i and most muslims think - that bible has been changed by man so it is no more reliable. i and most of us think that the old testament is the real bible and the new testament is the amended bible. after reading your book it is now clear to me that they are two different parts of one bible. this book has created interest in me to read the holy bible, and i am going to do so. the logic in the bible makes sense and clicks the mind."

— Mohammed, Muslim Correspondent

This...adventure is for anyone who estimates his or her eternity worth a dozen hours. That is about how long it takes to read this book aloud. Whatever your background, whatever you believe or don't believe, you are invited to join this epic journey through the Holy Book so many claim to honor, yet so few choose to ponder. Three thousand years ago, a prophet offered this prayer to the Creator and Owner of the universe:

“Open my eyes, that I may see wondrous things from Your law.” (Psalm 119:18)
